Chief Secretary to the Govt. of Mysore,

B a n g a l o r e.

Sir,

I have the honour to state that in regard to imports of Burma rice in the State for the month of February 1919 no applications from merchants had been received for facilities to import Burma rice and I therefore suggested that an allotment of 1,000 tons only need be obtained. It is understood that the whole of this quantity has been purchased by the Director of Civil Supplies. I have recently received applications for priority certificates for about 820 tons of Rangoon rice from two merchants (one in Bangalore and one in Bowringpet). I request that, if it be now possible, a further allotment of 1,000 tons may be kindly obtained for February 1919.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller in Mysore.

To

Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

S i r ,

With reference to your letter No. G 1700-3/PP 134-18 dated 11th February 1919 directing me to ask the Food Stuffs Commissioner by wire for an additional allotment from Burma of 1000 tons of whole rice and 500 tons of broken rice for the month of February, I beg to point out that the letter of the Food Controller at whose instance the instructions have been issued is based on a slight misconception. In his letter No. 3386 dated 5th February to the Chief Secretary the Food Controller says that he understands that I have purchased the entire allotment for the month of February. I have to point out that no part of the February allotment has been purchased as yet, the purchase effected by me at Rangoon relating to the allotment for January. It is not -- quite clear from the letter of the Food Controller whether the extra allotment he requires is simply to enable the merchants who have applied to him to obtain rice on their own account, or whether he wants Government to purchase a further supply of 1000 tons.

In regard to addressing the Food Stuffs Commissioner for further allotments during February, I beg to submit that within a few days we have to address him again for the March allotment, and it would perhaps be convenient to send a telegram to him once for all to allot the quantities of whole and broken rice that we require to be imported into the State --

before the end of March. I beg to suggest for the consideration of Government that we might ask for 3000 tons of whole rice and 2000 tons of broken rice for the March allotment. I also beg to solicit instructions as to whether -- Government desire me to buy the February allotment in Bengal and Burma, or whether it is sufficient if I give such assistance as may be required by merchants to whom the issue of Priority certificates are recommended by the Food Controller. I have however telegraphed to the Deputy Controller of Shipping, Bombay, to instruct the Rice Commissioner Rangoon to allot freight for 1000 tons of February allotment. I shall request the Rice Commissioner to call for tenders from Rice Millers if Government desire me to do so.

I have the honour to be,

Your most obedient servant,

K Ranganathan

Director of Civil Supplies.

Bangalore City, Dated, 14th Feb

Dear Sir,

With reference to the February allotment of .000 tons of Burma Rice, I understand from the Food Controller that the Dewan desires that five merchants may be selected to import 500 tons at the rate of 100 tons each. The Revenue Commissioner & the Food Controller consider that the balance of 500 tons may be at once ordered on behalf of Government. I have just heard from the Deputy Controller of Shipping that shipping space for 1000 tons has been ordered to be placed at our disposal. I shall obliged if you will get early orders whether I may as the Rice Commissioner to call tenders for 500 tons ar his quantity at once on behalf of Government.

Yours sincerely,
